Design panels from Aznaar are the easiest and most efficient way to get beautiful designer curtains for your interiors. And these are very cost-effective too.

These panels made using the best quality fabrics from Turkey, China and India. Each panel has a distinct design and adds a character and a designer touch.

The length of the panels are approximately 300 centi-meters and weights are proximately 122 - 135 centi-meters .

it was never so easy to get designer drapery to your clients and projects.

The designs have been created by the Reteish Sharma and his design team at RSD in collaboration with turkish designers Celik Aydin and Hakan Ozturk.
