6H ACRYLIC

MASKARA®

SCAN FOR
E-CATALOGUE

Established in 1989 under the visionary leadership of Bhandari Agencies by Shree Dilipji Bhandari in Hyderabad, Rang Décor has become a beacon of innovation in the realm of interior design and decor. With an unwavering dedication and fueled by passion, we have set new standards, etching our legacy in the industry.

In 2015, we embarked on a transformative journey with the introduction of the iconic brand name "Rang Décor." This marked not only a change in nomenclature but also embodied our deep-seated mission: to transcend the ordinary and infuse every space with a symphony of colors, textures, and designs that elevate the human spirit.

At the core of our ethos lies a profound commitment to our mission: to be the transformative force that turns ordinary spaces into extraordinary realms of beauty and functionality. Guided by our vision, we strive to create a tapestry of unparalleled elegance and sophistication, where each design element harmonizes seamlessly to reflect the unique personality and essence of its inhabitants.

With unwavering dedication to innovation and excellence, we continue to redefine the boundaries of interior design, enriching lives and spaces with the timeless allure of Rang Décor. Our pledge remains steadfast: to uphold the highest standards of craftsmanship and integrity, ensuring that every product bearing the Rang Décor insignia stands as a testament to our dedication to perfection.

ANTI-SCRATCH CERTIFICATE

MASKARA®

6H ACRYLIC LAMINATE

Edge Band Available Size : **1 MM X 25 MM***
Sizes are subject to availability

Available Size : 2440 MM X 1220 MM (8ft X 4ft)
Thickness : 1.5 MM (±10%)

CAUSES OF YELLOW PATCHES AND COLOUR FADING AFTER INSTALLATION:

If hot cookware or utensils are directly placed on the laminate

Use of inferior or sub-standard dipped plywood or dipped lipping patti, which may chemically react with the adhesive

The use of synthetic rubber adhesives such as SR / Jat Pat, Bostic, Heatx, etc.

Prolonged exposure to high temperature (above 30°C-35°C)

Exposure to direct sunlight can greatly affect a laminated appearance

REASONS FOR AIR BUBBLE FORMATIONS ON LAMINATES:

Insufficient or lack of pressing during the bonding period of laminate

Debonding in certain areas because of uneven substrate surface

Laminates are bonded in extremely humid conditions

Use of water base synthetic resin adhesive any other than PEVA (Polyethylene Vinyl Acetate Co-polymer)

When substrate loses moisture after installation

Use of extremely large acrylic/PVC laminate sheets for maximum utilization

DISCLAIMER:

There can be colour variation in the material from different batches. It is advised to use same batch material to avoid colour variations. Actual colours of the Acrylic Laminate sheets/Acrylic Edge bending may vary from this brochure.

INFORMATION

No Guarantee in any circumstances

Like crack, bubble, color fade and color variation.
Please check material when delivered.

- No guarantee & no exchange in any circumstances.
- There can be color variation in material from different batches.
- It is advised to use same batch material to avoid color variations.
- Actual colors of the laminate sheet may vary from this brochure.

Please open the roll immediately.
Do not pressurize while opening roll.

Shake it well and lightly spray on the surface.

Wipe the surface clean using a light circular motion.

Note : Rang warrants that all its products are free from manufacturing defects and perfectly ideal for use in normal conditions. In case of any manufacturing defect Rang is liable for product cost only.

Rang is not liable for any complains in the following cases:

- Colour variation from batch-to-batch production.
- Improper handling of product or any transportation damage.
- Improper installation of product.
- Outdoor applications.
- Exposure of laminate sheet to direct sunlight.

We are liable only on acrylic products not on plywood, glue and other material for installation.

- It is advisable to check the batch number to avoid colour variation.
- Rang is not liable for any complaints if the product is not properly handled or installed. Maintain according to given guidelines.

LIGHT
WEIGHT

The flawless design structure of our acrylic sheets is engineered to be extremely light weight and easy to apply.

TERMITE &
BORER FREE

The advanced sciences enable our acrylic sheets to fight against termites and borers for several years.

1.5mm
THICKNESS

Advanced processing procures the right amount of manufactured thickness which provides forever strength to the laminate sheets.

WATER &
STAIN PROOF

Our 6H acrylic sheets are manufactured to repel water and stains for a long time.

DURABILITY
& STRENGTH

Our acrylic sheets developed with technologically advanced processing are Anti-Scratch and stain resistant.

IDEAL FOR
VERTICAL
APPLICATION

The exemplary adhesion properties enables our collection of acrylic sheets to be presented in vertical
